

Introducing Click2Buy™

An Innovative Maintenance Management Solution

Educational institutions face the hurdles of addressing maintenance routines, responding to repair requests, assigning personnel, acquiring parts and supplies, staying compliant with purchasing requirements and reconciling expenditures. Traditionally, these have been very distinct and disjointed processes resulting in lost time, financial implications, customer frustration and inconsistency of information.

This new integrated solution helps you gain efficiencies by combining work order management, e-procurement and inventory management into one comprehensive solution—**helping to save you time, money and inventory space**. This allows you to spend more time focused on maintaining your campus and school, and less time on paperwork and administrative tasks.

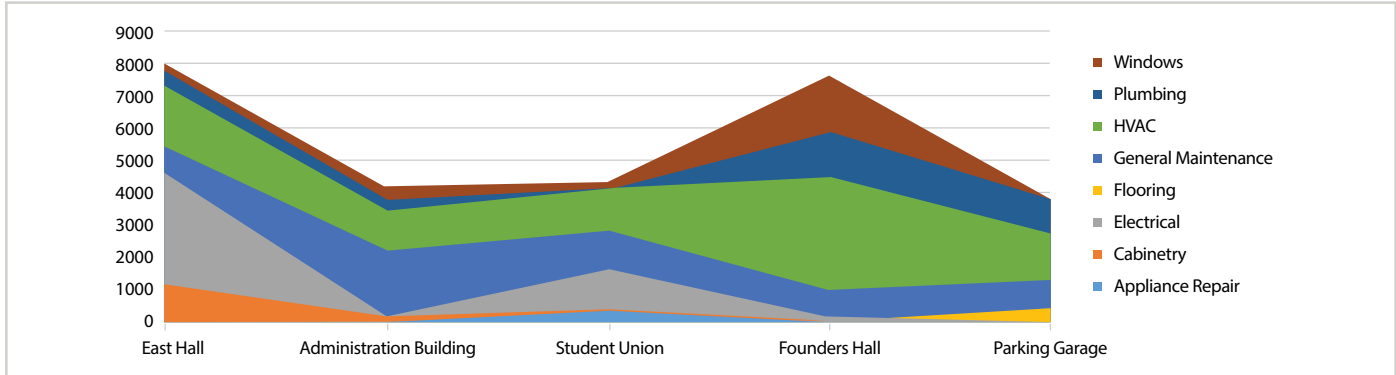

This innovative solution helps:

- **Automate and standardize** the entire procurement process from work order to purchase order to invoice to reconciliation.
- **Improve tracking** with the ability to add financial assignments (account codes, cost centers, blanket PO #'s and budget codes) at the line item level by user. Financial assignments are fully reportable and carry through on the purchase order and invoice.
- **Control spend** with the ability to add spend controls like minimums, maximums, hierarchy approval and more.
- **Streamline the payment process.** Suppliers can be PCard enabled in secured CISP certified marketplaces. By increasing the use of your PCard, you can maximize rebates from your provider.
- **Simplify reconciliation** of monthly PCard statements using a transaction report with Level III line item details on every invoice.
- **Eliminate tax headaches!** Standardized software for invoicing disables the tax field making it impossible for suppliers to charge tax.
- **Remove pricing discrepancies.** Standardized software for invoicing locks the price field so it cannot be changed.
- **Reduce time spent in audits** by providing a three-way match on every purchase order created.
- **And much more!**

What can you expect from the Click2Buy™ solution?

Quality Reports and Trends

Understand cost by building and type of work.

	Labor	Labor Costs	Material Costs	Sales	Total	WO	Avg Hours Per	Avg Cost Per
Carpentry	1.00	\$35.00	\$0.00	\$0.00	\$35.00	1	1.00	\$35.00
Custodial	.50	\$17.50	\$0.00	\$0.00	\$17.50	1	.50	\$17.50
Electrical	19.00	\$665.16	\$446.04	\$0.60	\$1,113.62	16	1.19	\$69.61
Equipment	.50	\$17.50	\$0.00	\$0.00	\$17.50	1	.50	\$17.50
Fire Protection	.50	\$17.50	\$0.00	\$0.00	\$17.50	1	.50	\$17.50

Know cost breakdown and averages by type of expense.

Budget Code Description Notes	Budgeted Monies	Calendar YTD WO Costs	Fiscal YTD WO Costs	Calendar YTD Equipment Costs	Fiscal YTD Equipment Costs	Budget Amount Remaining
001-MAINT-SOUTH South Campus Maintenance	\$2,500.00	\$0.00	\$137.50	\$0.00	\$0.00	\$2,362.50

Track budgets and expenses against those budgets.

Measurable Savings

Performance Area	Before	After	Improvement
Requisition-to-Order Costs	\$51	\$26	49%
Requisition-to-Order Cycle Time	9.6 Days	3.4 Days	65%
Spend Under Management	42%	60%	43%
Percentage of Maverick (Off Contract) Spend	33%	20%	39%
